Much satisfaction was expressed over the presentation of "The Duke of Killcrankie" at the Barre opera house, which evening. The piece is a three-act romance with the element of the humorous running through it, affording ample opportunity for four particularly clever artists to make their best effort. The four were David Murray as the Duke, Wallace Erskine as Mr. Pitt, Henry, who is coming so foolish as he looks, Mimma Phillips as Lady Henrietta Addison and Charlotte Lambert as Mrs. Mulholland, widow of the "blue king". The company was greeted with a full house.

The Daylight Store

WE ARE CONTINUALLY STUDYING

In order to give to the public the best possible value for the money invested we need to keep continually studying the values the market offers. When an iron-worker hammers a piece of metal to a glow it is necessary that the blows shall be in rapid succession. If not, the metal will lose the heat imparted by one blow before the last one is struck. It is the accumulated effect of the hard, quick blows that gains results. The Dry Goods and Garment business offers a parallel to this, and it is the frequent visits to the market centers that has a great advantage over buying from samples.
